ABOUT ME

I am a liaison between digital design and user/business oriented mindsets. At the intersection of my passion for design is my ability to pull concise meaning out of user research and translate it into cohesive visuals and flows that engage consumers. I take a right and left brain approach to solving creative problems and am accustomed to working under the agile method of scrum development.

SKILLS

Graphic Design: Illustrator, Photoshop, InDesign, XD and Premiere, InVision Studio

UX Design: Sketch, Figma, Flinto, Abstract, InVision, Omnigraffle, Gira, Optimal Workshop

Web Design: HTML, CSS, WordPress, WIX

Soft Skills: Interviewing, Presentations, Standups

EXPERIENCE

UHG, UX Designer New York, NY | May - Oct 2022

- Lead UX and UI discussions with development and product teams as well as clinical pharmacists to gather information and define the MVP
- Created wireframes, templates, and consolidated asset libraries in Figma and Pega.
- Coordinated with multiple OptumRX teams at once weekly through Rally and Teams.

SAAVHA, UX Designer New York, NY | 2019 - 2021

- Developed upon existing and evolving brand strategy such as style guides and new illustrations.
- Ran user research and testing to gain insights, define personas, and isolate design problems.
- Created wireframes for company's patented biometric login app, consent system, and a secure patient portal.
- Designed and helped strategize/develop new company landing page.

jGirls Magazine | UX Consultant New York, NY | July 2 - July 23 2018

- Managed the team's project timeline with Trello and designed deliverables for business research
- Partook in design strategy standups with team and design studio with stakeholders
- Designed certain screens for the alpha and beta versions of the prototype in Sketch
- Conducted multiple user interviews and usability tests in InVision

Graphic Design Consultant New York, NY | 2014 - 2018

Clients: Safebridge Consultants, Kripalvananda Yoga Institute, Metis Coaching, Braga Investment and Advisory, The Rubin Museum Center for Arts Education, MPOWER development Program, HighschoolN-GOconnect

- Assisted clients with marketing assets, maintaining brand cohesiveness across multiple channels.
- Applied critical design thinking and strategy to create visual designs that enhance brand presence.
- Consulted with clients on product research to design cleaner UI and better functioning UX.

StarCities | Graphic Designer New York, NY | 2014 - 17

- Managed and designed mailer lists and database
- Overhauled navigation and design on website's front page
- Collaborated with clients and creative teams to optimize graphic design experience
- Developed marketing campaigns and promotional pieces, including proposals, guides and postcards
